2 ESCAPED PRISONERS ARE RETURNED TO JAIL

Charlie Dyer and Benny Paxton, Two of Trio Who Escaped Jail Saturday Night, Captured Tuesday. Harvey Schmitz Still at Large.

Three white prisoners, after sawing their way from the Grenada County jail here last Saturday night, outwitted officers when they were surrounded early after being trailed by means of an automobile they had stolen in their break for liberty.

The prisoners were Charles Dyer, 28; Ben Paxton, 27 and Harvey Schmitz, 28.

Dyer was captured Tuesday morning at Calhoun City and late that afternoon Paxton was arrested at Houston as he was boarding a bus for Tupelo. Grenada officers returned them to the Grenada jail.

Schmitz is believed to be in Tennessee. He is alleged to have stolen a coupe at Coffeeville, which was recovered near Big Creek.

According to Paxton, the trio remained together Sunday and Monday, separating after the coupe was stolen.

No one knows how the saw got into the prisoners' hands.

It is stated that some of the prisoners have a French harp and that it is now recalled that there was almost continuous playing of the harp part of Saturday night and it is believed the break was made while the music was going on.

Dyer is regarded as an expert in this line. He came to Grenada early in October during the North Mississippi Fair, and about the time the fair closed is alleged to have stolen an automobile from ex-Sheriff Dave Dogan and headed toward Memphis. Paxton married at Isola, where his wife now resides. Schmitz is a son of a farmer living about two miles north of Grenada. He and Paxton are said to have burglarized a store and were caught with the goods. They are also said to have confessed only a few days ago to stealing a bale of seed cotton from the farm of J. G. Weeks, which they stated they carried to Isola one night to be ginned and sold it there the next day.

Schmitz has been in trouble before, one of the charges against him being the stealing of an automobile at Clarksdale. Paxton has also been in the toils before.

After sawing out of the jail the trio evidently went out car hunting and in a short while they found J. F. Thompson's car parked in front of his residence and took it and drove away.

Sheriff Fred Nason and Deputy Sheriff T. E. Tribble, assisted by other officers, soon got on their trail and were rewarded by finding the car parked in front of Schmitz's father's home while the three ex-prisoners were inside the house. While the officers thought they had every exit guarded, the trio managed to get out the rear and because of a high wire fence, the officers were unable to pursue them rapidly enough to apprehend them, hence their second getaway.

There are six other prisoners in jail. They made no attempt to escape.

OSBORNE ALLOWED TO ATTEND CIRCUIT COURT

Charlie Osborne, exiled by decree of Governor Dennis Murphree and later by Governor Bilbo, when he was rearrested and returned to prison, when given a pardon for liquor law violations, will be permitted to return to his native Grenada County to attend the January term of court providing he leaves the state immediately after this business is transacted.

Assurance of this was given Osborne, who now lives at Parkin, Ark., by Governor Bilbo Monday, who also wrote Sheriff Fred Nason of Grenada to not arrest Osborne provided he left the county within the time limit given.

Court will convene here Monday, January 28.

SALARY OF PROSECUTOR RESTORED TO $900 YEAR

The salary of S. C. Mims, Jr., county prosecuting attorney, reduced at the December meeting of the board of supervisors to $600 annually, was restored to what it originally was, $900, at the board's meeting Monday.

The prosecutor is required to represent the county in cases coming up in the magistrates' courts as well as to aid the district attorney in the circuit court trials. His duties are such that, if they are properly discharged, he more than earns the salary paid him.

ONLY FOUR PAGES

Again The Sentinel greets its readers with a four-page issue. The flu epidemic has almost stagnated business in Grenada and the newspaper business fared no better than the rest. Part of The Sentinel force has been stricken and, in view of the existing conditions, subscribers are begged to overlook any shortcomings.

MISS FLORIDA MERRIWETHER DIED FRIDAY, JANUARY 4

Miss Florida Merriwether passed away at the home of her niece, Mrs. C. W. Thompson, in Grenada last Friday and interment was had the next day in Odd Fellows' Cemetery after funeral services conducted by Rev. J. H. Holder of the Methodist church. She was in her eigthieth year.

Miss Merriwether had never married. Until three years ago, she resided in the country at the old Avent home near Cascilla, looking after household duties for her nephew, Mr. Simmons Avent. For the years she lived with her brother and sister, Mr. and Mrs. B. F. Avent. She was a sister of Mrs. A. T. McElwrath and also of Mrs. R. J. Rayburn. She rarely went away from the home. She chose the quietude of the home and it was there that she moved about and lent her aid and influence to the children of the Avent home in their younger days and as they grew older assisted in watching over them with that solicitude only known to the good mother or sister and loving woman. She was well informed and delighted in reveling in the past and in giving that history of the years ago in this section that always thrills and pleases the imagination. When her body and mind began to wax old, she still had that tender care and attention from her nephew, O. S. Avent, which has marked his life in his devotion to other members of the family. She was a member of the Baptist church and believed sacredly in the Christian religion and in the promises of a crucified and risen Lord. She left her imprint upon a large circle of relatives and friends and all for the better.

To the sorrowing The Sentinel tenders condolence.

PINEY WOODS QUARTETTE ENTERTAINS GRENADIANS

Grenadians Wednesday night and Thursday enjoyed hearing the quartette from Piney Woods School, the negro college in south Mississippi founded 20 years ago by Laurence C. Jones, one of the south's foremost negro educators. Prof. Jones was here with the quartette.

Tuesday evening they serenaded John Borden and a party of his friends who visited him this week at Glenwild Plantation and the northerners enjoyed to the utmost the splendid music.

Thursday, a number in Grenada heard the negroes sing and they were lavish in their praise of the selections.

The Piney Woods School comprises 1500 acres of land and an average of 300 boarding students is taken care of each year. The valuation of the plant is estimated to be $150,000 and each year school officials bring into the state between $60,000 and $70,000 contributed by friends in the north and east.

Each student in the school is required to learn a trade or profession of some kind and at graduation time, instead of delivering orations, a practical demonstration of what he or she has learned must be given on the stage.

Last year 238 white people from the north came to Mississippi to see the school and more than 1500 southern white people inspected the institution.

PRESSGROVE WILL NOT RUN FOR THE UNEXPIRED TERM

To the People of Grenada County:

Since death called to the other world Grenada County's most accommodating and worthy chancery clerk, Mr. G. D. Thomason, I have been solicited by many to make the race for the unexpired term and have been asked by still many more if I were not going to run. I appreciate the interest and the solicitude of my friends, but want to say that I shall not be a candidate for the unexpired term if Mrs. Thomason runs, as I am sure she will. In justice to the memory of Mr. Thomason I feel sure that the sentiment of the county feels that Mrs. Thomason should fill out the term to which her husband was elected, and in this sentiment I heartily join.

Thanking those who have interested themselves in me and hoping that they will see the matter as I do.

I am very truly yours,
JOHN P. PRESSGROVE.

$26,000 IN JEWELRY REGISTERED IN COUNTY

According to the register kept in the office of Sheriff Fred S. Nason, the value of diamonds and pearls in Grenada county is shown to be $26,000. The law requires diamond and pearl owners to list this jewelry with the sheriff. The registration book was opened about the middle of November and listings to the above amount were made up to Jan. 1st.

ROTARY ENJOYS MUSIC

Grenada Rotarians at their luncheon Tuesday noon enjoyed a splendid musical program rendered by the talented Misses Katherine and Chloe Lufkin, the former singing several pretty songs to piano accompaniments by the latter.

About twenty per cent of the membership was prevented from attending the meeting on account of the flu epidemic now raging.

Widow Is Named To Clerk's Office

Governor Bilbo Appoints Mrs. Glen D. Thomason to Hold Office of Clerk until Special Election Feb. 2. Understood She Will Run for Unexpired Term and Indications Are that She Will Have No Opposition.

Mrs. G. D. Thomason was named Monday by Governor Bilbo as chancery clerk to succeed to the vacancy caused by the death last Saturday of her husband. Mrs. Thomason will hold office until the special election ordered to be held Feb. 2 to elect a clerk to fill out the unexpired term of three yers. It is understood that Mrs. Thomason will be a candidate for the place and, so far, indications are that she will have no opposition since the sentiment generally seems to be that she is entitled to the office for the remainder of the term for which her late husband was chosen.

Mrs. Thomason is not without experience in discharging the duties of chancery clerk. She has been for the past several months doing a great deal of the work there and has familiarized herself to a great degree with the details of the office.

Should Mrs. Gertrude D. Keeton remain as deputy clerk, Mrs. Thomason will have a most efficient assistant.

COUNTY BUYS GAME

The board of supervisors of Grenada county has given County Game Warden R. E. Hall permission to buy and free in Grenada county 12 deer, 100 turkey hens and 100 quail. Several months ago the board bought a pair of deer and the warden liberated them in the river bottoms northeast of Grenada. With the proper spirit of cooperation upon the part of the citizens, the game warden hopes that Grenada county will soon be one of the finest hunting and fishing places in the country. Thousands of government fish have been placed in Grenada county lakes during the past few years and indications are that fishing this spring will be fine here.

The supervisors are being generally commended for their action in using part of the game fund for this purpose.

Mrs. S. A. Morrison left Wednesday for Biloxi where she expects to spend several weeks.

MRS. ADA NASON PASSED TO OTHER WORLD JANUARY 5

Mrs. Ada Nason of Holcomb passed to the other world at the Grenada Hospital Saturday afternoon, January 5, 1929, at 2:50 o'clock. Interment was had the next day at the Spring Hill church burying ground after Rev. W. J. Woods, pastor of the Methodist church at Holcomb, had paid a beautiful and fitting tribute to her life and character.

Mrs. Nason was a victim of pneumonia. She was taken ill at her home and when her condition grew grave, she was brought to the Grenada Hospital because it was thought that she could and would be better cared for. But her constitution was not equal to the combat with this dreaded disease and, surrounded by her children who had been since their birth objects of her love and deep solicitude and who had so tenderly and so lovingly cared for her, she breathed her last.

Mrs. Nason, before her marriage, was a Miss Beard. Her husband, Richard Nason, passed away March 29, 1893 on the farm near Dubard where she made her home until about ten years ago.

She grew up in a home where God was honored and where those fundamentals of a Christian character were lived and emphasized above all other things. She early professed religion and became a member of the Methodist church. Her faith was fixed. Her adherence to the cause of pure and undefiled religion was steadfast. As the years passed, she grew in grace and better understood the mission of her master. She was a faithful and devoted wife, a thoughtful and loving mother and a most dependable woman.

She was the mother of six children, four of whom survive her. They are R. V. Nason, of Holcomb, Richard H. Nason, of Belzoni, and Mrs. Joe H. Harris, of Holcomb, and Mrs. W. D. Singleton, of Dubard. She is also survived by two sisters, Mrs. Helen Hanks and Mrs. Roberta Moore.

She was nearing her 72nd birthday. She was positive in her ideas and clung to what she believed with that tenacity characteristic of those who had considered well what they undertook or believed. She was modest in all things and beautifully exemplified those virtues of gentleness and retirement so highly exalted in the womanhood that grew up in her day. Her children and those who knew her best have a fine example in her life, and now that she is on the other shore, may her loved ones resolve to meet her when life's journey with them is ended.

To the sorrowing The Sentinel extends sincere sympathy.

6-YEAR OLD CHILD PASSES

The hearts and the home of Mr. and Mrs. W. B. Bridgers, just east of Grenada in the Futheyville community, passed to the beyond on Friday, January 4, when their little six year old daughter, Catherine Ellen, was called from earth to heaven. The little child had entwined herself in the hearts of the parents, but in her passing, heaven is made brighter and the parents may take consolation in the fact that they can go to her if she cannot come to them. The child was another pneumonia victim. Her remains were gently laid away in the O'Brien burying ground east of Grenada. The Sentinel bids the grief stricken parents to look to Jesus for consolation, and extends them sincere sympathy.

VALUE OF 1928 CROPS ABOUT 5% LESS THAN 1927

Gulfport, Miss., Jan. 9—The farm value of the principal crops produced in Mississippi in 1928 is estimated at approximately 215 million dollars, compared to 226 million dollars in 1927, a reduction of about 5 per cent, according to the December crop summary issued by D. A. McCandliss, Agricultural Statistician in this State. Crop values are based on December 1 prices except for some crops sold earlier in the season.

The farm value of the cotton crop, estimated at about 161 million dollars for 1928, is only slightly less than the farm value of the 1927 crop, but the crop is 8½ per cent larger this season. Yield per acre was less this season, however, and cost of production higher.

For most other crops, except Irish potatoes, sorghum syrup, soy beans, and fruits, farm values were smaller this year than in 1927, the largest reduction being in the value of the corn crop, due to a one-third smaller production this season. Returns from commercial truck crops weree 30 per cent less than in 1927.

Plan Mission Meet Wednesday, Jan. 16

Returned Missionary from China Will Address Gathering of Workers from Charges of Grenada District in Grenada Next Week. Others Noted in Methodism to Speak. Meeting Is One of Series over Methodism.

Rev. E. H. Cunningham, presiding elder of the Grenada district of the north Mississippi conference of the Methodist church, announces that a district missionary institute will be held in the Grenada church next Wednesday, Jan. 16. The meeting is one of a series being held all over southern Methodism. It might be called a period of mission cultivation for during the session information is brought fresh from the mission fields.

Dr. W. B. Burke, who has just returned from the mission field in China, has an inspiring message to bring to the institute. Other speakers, prominent in Methodism, will also address the meetings.

The session will begin at 10 a. m. and will close at 4 p. m. Every charge in the district will be represented and it is expected that approximately 100 delegates will attend. The ladies of the local missionary society will serve luncheon at the noon hour.

I. C. OFFERS PRIZES TO GRENADA COLLEGE GIRLS

Cash prizes totaling $125 will be open to competition by undergraduate students of Grenada College in an essay contest which has just been announced by L. A. Downs, president of the Illionis Central System. This contest, which calls for essays of between 600 and 1,000 words on "The Future of the Railroads," will close February 28.

A prize of $25 is offered for the best essay from this institution. The winner of this prize will in addition be eligible for a system-wide award of $100, the contestants for which will be the winners from the various colleges and universities on the Illinois Central System in which similar local contests are now in progress.

The essays are to be submitted by mail to L. A. Downs, president, Illinois Central System, Chicago, Ill. They are to be typewritten, double-spaced, on white paper of letterhead size (8½ by 11 inches), and the name and address of the author and the name of the college or university represented are to be shown on the upper left-hand corner of the first page. The essays are to be submitted flat or folded—not rolled.

The judges will be the following officers of the Illinois Central System: G. J. Bunting, vice-president, accounting and treasury departments; F. L. Thompson, vice-president, Chicago terminal improvement and valuation departments; R. V. Fletcher, general counsel. The Illinois Central System reserves the right to retain for its own use all priz-winning essays.

The purpose of this contest, according to President Downs, is to make a test of student interest in the educational advertisements on railway topics which the Illinois Central System has been placing in student publications on its lines for several years. Copies of preceding years' advertisements will be furnished those desiring them upon request addressed to President Downs.

KIRK RE-ELECTED TRUSTEE

W. H. Kirk, who has been serving for a number of years on the board of trustees of the Grenada City Schools, was unanimously re-elected for another term of five years at the meeting of the city council Monday night.

Mr. Kirk has made a most faithful official. Although he is a man of many and varied interests, he is never too busy to give attention to school affairs, having at heart the interest of the future citizens of Grenada and being deeply concerned in the welfare of the school system. His re-election will meet with general approval of the school patrons.

FRIENDS URGE CANDIDACY OF MRS. GLEN THOMASON

We, the undersigned, friends of the late G. D. Thomason, are taking the liberty of suggesting the candidacy of our deceased friend's widow to fill the unexpired term of his office, and trust that all of his friends will rally to her support.

Respectfully submitted,
F. R. Lickfold, Chas. Lickfold, R. H. Herring, H. H. Heath, Cas Heath, W. D. Singleton, Mrs. W. D. Singleton, W. A. Winter, L. A. Peacock, R. E. Hall, S. C. Mims, Jr., R. W. Sharp, S. M. Cain, A. G. Roane, A. M. Carothers, S. H. Horton, J. H. James, J. J. Lott, J. S. Sharp, E. Davis, W. B. Hoffa, F. R. Lickfold, Jr.

Dr. E. L. McDaniel and wife are being welcomed back to Grenada after having made their home for some time in Aberdeen. The doctor expects to engage in the practice of his profession here.

WILLIAM MARASCALCO VICTIM OF PNEUMONIA

William Marascalco, aged 17, died at the Grenada Hospital last Friday afternoon at 4:45 o'clock. He was a victim of pneumonia.

"Bill", as he was generally known, was a worthy boy. He was industrious, he was dutiful to his parents and polite and courteous to all. He was the elder son of Mr. and Mrs. Tony Marascalco of Grenada, citizens who enjoy the confidence and the good will of the entire community. William was reared according to the best judgment of his parents. He was not stout or vigorous, otherwise he might have been able to survive the illness which carried him away. Death always brings sadness and sorrow regardless of who is taken but when the young are called, one sometimes wonders why they were not permitted to live out the allotted three score and ten years.

The funeral services were conducted from Garner Bros.' funeral parlors Sunday afternoon by Father Fitzpatrick of the Catholic church of Water Valley after which interment was had in Woodlawn Memorial Park.

To the sorrowing parents, sisters and brothers, The Sentinel tenders sincere sympathy.

COTTON GINNED PRIOR TO DECEMBER 13

The Department of Commerce, through the Bureau of the Census, announces the preliminary report on cotton ginned by counties, in Mississippi, for the crops of 1928 and 1927. The total for the state was made public Thursday, December 20. (Quantities are in running bales. Linters are not included.)

HELEN VAUGHN, 9, DIED

Helen C. Vaughn was called to the other world at 5 o'clock, Friday, January 4, at Grenada Hospital, and her remains were taken to her home at Rome, Miss., for interment where appropriate funeral services were held. Little Helen had undergone an operation for appendicitis when pneumonia set up which imposed a burden on her physical being that it was unable to bear. She was a bright, sweet and attractive child and bore her suffering with a beautiful resignation. The child now basks in the sunshine of the Eternal City where she awaits the coming of other loved ones to whom The Sentinel offers condolence.

PNEUMONIA IS FATAL TO GLEN D. THOMASON

Tenth Attack of Lung Disease Costs Life of Grenada County Chancery Clerk. Was Serving Second Term. Death Occurred Saturday.

Glen D. Thomason, chancery clerk of Grenada county, died at 9:10 o'clock Saturday morning, Jan. 5, in Grenada Hospital. Pneumonia was the cause of his death. This was the tenth attack of this disease he had suffered in recent years and during several of the previous sieges of the trouble he had been near death but an apparently remarkable vitality enabled him in former years to withstand the inroads of the disease. He was a man of frail build and it was nothing short of marvelous how he had endured so much suffering in the past without succumbing.

Mr. Thomason was born 46 years ago in the Pea Ridge community of this county. He spent practically all his life on the farm with the exception of a few years spent in Grenada in the employ of a mercantile establishment. He was educated in the county schools

Mr. Thomason was serving his second term as chancery clerk of Grenada county, having been re-elected in the August primaries of last year over a most worthy opponent. He was a man of remarkable personality. He had a pleasant smile and a cheering word of greeting for all he met. He had that happy faculty of speedily making friends and as acquaintance with him grew the bonds of friendship became strengthened. He was extraordinarily accommodating and obliging and numberless times had greatly inconvenienced himself to oblige one of his fellowmen. Early in life he united with the Methodist church and was one of its most active members. He was a regular attendant at all the services of his church and was never known to fail to respond when called upon to perform any Christian duty. In his office, he was the same as on the outside—gracious, pleasant and affable. He was efficient and painstaking in his work and the records in his office have frequently been highly praised by those who had occasion to go over them.

During the many times he had been seriously ill, Mr. Thomason bore his suffering with that fortitude and patience that marks the true Christian. He was rarely known to complain and, if suffering, one could never see it reflected in his countenance.

In 1902, Mr. Thomason made Miss Jessie Smith, of Senatobia, his bride. He was ever considerate of her and was truly a devoted, tender and loving husband. She was equally as devoted to him and her watchful and loving care no doubt prolonged his life many years.

Mr. Thomason was especially attentive to his aged mother, Mrs. Rosa Thomason, and on the Sunday before his death he was preparing to pay her a visit when he became ill. She resides in the Pea Ridge community of this county and he was a frequent visitor to her home. He bestowed upon her that attention that every loving son lavishes upon his mother.

Besides the loss sustained by his loved ones, Glen Thomason will be missed from the chancery clerk's office, he will be missed in his church and Sunday School, he will be missed from the streets of Grenada.

Besides his wife and mother, three sisters, Mrs. D. R. Childress, Mrs. F. B. Coats, and Mrs. J. M. Talbert, and four brothers, Jim, Al, Clinton and R. B. Thomason, survive. All of them live in Grenada county.

Funeral services were conducted from the Methodist church by the pastor, Rev. J. H. Holder, assisted by Dr. J. R. Countiss, Rev. R. L. McLeod and Rev. H. I. Rushing, Sunday afternoon at 3 o'clock after which the remains were laid to rest in Woodlawn Memorial Park.

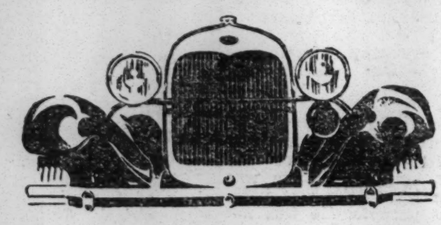
To the sorrowing loved ones The Sentinel tenders its sincerest sympathy.

CARD OF THANKS

The wife, mother, brothers and sisters of Glen Thomason wish to thank their friends for their kindnesses, sympathy, service and prayers during his illness and following his death. Words are so inappropriate to express our feeling of gratitude to the doctors, and nurses, as they served, and the telephone girls as they gave us the very best of service in connecting the loved ones with each other and the hospital. We are indebted to you all for your many kindnesses, and they shall never be forgotten. May He give you each one the comforting promise of: "Inasmuch as ye have done it unto these ye have done it unto me".

Mrs. G. D. Thomason,
Mrs. Rosa Thomason,
Mrs. F. B. Coats,
Mrs. D. R. Childress,
Mrs. J. M. Talbert,
Al, Jim, R. B. and Clinton Thomason

Simplicity of cooling system is a feature of the new Ford



A COMPLETE water plant is a part of every automobile as it is a part of every modern city.

The purpose of this water plant is to keep the engine cooled to a temperature that will make it efficient in operation. If it were not for this, the cylinder walls would become overheated and the pistons refuse to operate.

The cooling system of the new Ford is particularly interesting because it is so simple and reliable.

When the radiator is full of water, the engine of the new Ford will not overheat under the hardest driving. Yet the water is so regulated that it will not impair engine operation by running too cold in winter.

The cooling surface of the Ford radiator is large, with four rows of tubes set in staggered position so that each receives the full benefit of the incoming air. The fan is of the airplane propeller type and draws air through the radiator at the rapid rate of 850 cubic feet per minute at 1000 revolutions per minute of the motor.

The hot water around the cylinder head is drawn to the radiator to be cooled by a centrifugal water pump of new design.

The entire cooling system of the new Ford is so simple in design and so carefully made that it requires very little attention.

The radiator should be kept full, of course, and drained once each month so that sediment will not collect and retard the free passage of water. In cold weather, a reliable anti-freeze solution should be added.

As owner and manager of this important water plant you should also see that the water pump and fan shaft are properly lubricated and the packing around the pump shaft kept in adjustment.

Hose connections may also need replacement after long service. For those little adjustments, it pays to call on the Ford dealer.

He works under close factory supervision and he has been specially trained and equipped to do a thorough, competent job at a fair price.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by

"What's YOUR TELEPHONE NUMBER?"

Haven't you noticed that nowadays, whether you open a bank account, apply for credit, seek a new position, or merely meet a friend on the street—the question is always asked, "What's your telephone number?"

If you are forced to answer, "I haven't a telephone," you are virtually shutting out many opportunities that would bring you both profit and pleasure. That's one reason why most persons, anxious to maintain social and business contacts, regard telephone service a modern necessity.

Telephone service is so inexpensive that it is available to almost everyone. Any telephone worker will gladly quote rates and take your order.

JUDGE ETHERIDGE PERFORMED DISTINCT PUBLIC SERVICE.

Judge Etheridge, of the Mississippi supreme court, performed a distinct public service in his article which appeared in the daily press a few days ago in which he protested against the resolution by the state far association which seeks to have the law so changed in Mississippi that only graduates of "standard" literary schools can obtain license to practice law.

Had the Judge not called attention to the resolution, possibly the laymen would never have known anything about it until it bobbed up in the legislature.

Judge Etheridge refers to the effort by the few lawyers gathered at the state bar association who passed the resolutions as being another one of the many efforts in education at the present time to limit it to an aristocracy of wealth. Were what the association seeks made the law, and the present practicing attorneys of the state made to stand the test, about 90 per cent of the legal fraternity would be compelled to seek other fields of endeavor.

Education today is a costly thing. The parents of modest means who have several sons and daughters to send to college have a financial problem that is staggering. "Standardization" is overdone. The "standard college" largely grows out of large gifts by those who have garnered and gleaned until they begin to turn the shady side of life, then they hunt benevolences to perform. That is good in a way, but can the colleges, can the youth, afford the price of being indirectly under the domination of money for the sake of money?

Money is talking today as never before. The country is bowing down to wealth as never before. Education should not be made for the favored few. The schools should be open to every right minded young woman and young man. Where wealth accumulates nations decay.

The man who masters enough of the law to "start to practice", should be allowed to try his mettle regardless of what literary training he may have. Some of the very greatest lawyers of today are men of limited college training but at last it is not what the successful man gets at college, it is a question of studiousness and proper reading after he is out of college.

We congratulate Judge Etheridge and join wholeheartedly in his protest so ably and so forcibly stated.

THEIR COMMISSIONS ARE HELD UP.

The five members of the state highway department whose commissions Gov. Bilbo has thus far refused to sign, are keeping vigil night and day over the office of the highway department, and assert that they are going to function despite the Governor. The charge against the highway members that they expended $50,000.00 in a way not sanctioned by law is doubtless true, but what was done has been done by every money spending body in the state, we dare say, for the last dozen years. The idea has seemed to be "to do regardless of law". The end sought has been supposed to justify the means. When the highway department spent the money which it is alleged it misused, it was applauded throughout the state, and it seems hardly fair at this late date to pounce upon those now on the commission who are charged with having part in that act, especially when it seems to have been the rule whenever the exigency was supposed to demand it throughout the state. Our own opinion is that it is always better to follow the law in regard to spending public money. To disregard the law for one purpose makes it easy to find an excuse again and then again ad infinitum.

Nobody suspects or charges these five members with having profited in any way by the expenditure of the fifty thousand dollars.

AVERY RED WING PLOW

A superfine small plow

If you have small acreage under cultivation, or if your requirements are not sufficient to warrant the use of a large plow, then you will want the Avery Red Wing.

The Avery Red Wing is often called the "Little brother of the famous Avery Mixed Land Plow," because it has the same sturdiness of construction, the same directness of design and the same excellence of performance. It may well be called the aristocrat of small turning plows.

The Avery Red Wing Plow is at home in all ordinary soils and under all average conditions. In sod or stubble, in loam, clay or mixed land, it does clean, satisfactory work with the least possible exertion on the part of team or driver.

The Avery Red Wing Plow is an example of how Avery's century of experience has been employed to meet a definite plowing need in a definite and practical way. Back of the success of this plow is the resources of the Avery organization and the world's finest implement factory.

Come to our store any day for full details of the Red Wing Plow. We will gladly give you a complete demonstration.

There is a full line of famous Avery walking, riding and tractor plows; tillage implements, and Champion harvesting and haying machines.

SUPREME ... in the field of low priced sixes

De Soto Six—the vogue in design, new in style, new in performance, the supreme new value among all the sixes under $1000—is the most significant car of the year.

In five months' time it has won a greater popular triumph than ever before accorded to any new car. Yet its newness singles it out today as it did on the day of its introduction.

In its class, there is no match for its sparkling individuality; there is nothing to equal its obvious quality and inspiriting performance. Because it is Chrysler-built it stands at the very pinnacle of value in its price range.

New today as any car can be, 85,000 owners are already enjoying the distinction and satisfaction which play so large a part in De Soto ownership.

Dr. and Mrs. C. K. Bailey entertained several friends most delightfully in their lovely home last Thursday evening at bridge. After several interesting games were enjoyed, Mrs. Bailey served a most tempting plate lunch.

Dr. and Mrs. Frank Hill and Mr. and Mrs. R. C. Trusty went over to Greenwood Friday night to see "Rio Rita" at the Greenwood Theatre.

Mrs. Eloise Wilkins, Mrs. Helene Beatty and their cousin, Mrs. Irma Lamkin Noblin, of Detroit, Mrs. R. C. Trusty and Miss Lida Coffman spent Thursday in Philipp as the guests of Mrs. B. C. Duncan.

Mr. Rodney Henderson returned to the university last week to resume his studies for the new year.

Mrs. Frank Hayes and son, Frank, Jr., of Memphis, are visiting Dr. and Mrs. T. J. Brown, their parents and grandparents.

Miss Annie Lou White, of Pinola, visited Mrs. E. R. Henderson last week on her return to Myttle, Miss. to resume her school work there.

Dr. and Mrs. C. K. Bailey and Miss Lena Elma McElwrath attended the musical comedy "Rio Rita" at the Greenwood Theatre Friday night.

Mr. and Mrs. Wormack Smith, of Hardy, Miss Dida Smith, of Memphis, Mr. and Mrs. Claude Veazey and Mr. and Mrs. Coleman Powell, of Senatobia, attended the funeral of Mr. Glen D. Thomason Sunday afternoon.

Mrs. George Garner and Miss Rebecca Stokes and Messrs. Keene Huffington and Charlie Goodwin went to Greenwood Friday night to see "Rio Rita" at the Greenwood Theatre.

Mr. John Countiss, Jr., of Drew, is visiting his parents, Dr. and Mrs. J. R. Countiss.

Mrs. Paul Bernhardt, of West Memphis, came down last Wednesday and is visiting her parents, Mr. and Mrs. T. A. Billups, on College Street.

Mr. John Rundle spent the weekend in Jackson.

The first meeting of the new year of the Sunday School Teachers' Council of the Methodist church was held Tuesday night. After reports were made from the different departments of the Sunday School, Rev. J. H. Holder made a splendid talk on "Membership and Evangelism". The next meeting will be held in the new Sunday School building in Febuary. Plans for the new year's work were mapped out.

Miss Ione Calhoon left Monday for Nashville to resume her studies at Ward-Belmont, after spending the Christmas holidays at home with her parents, Mr. and Mrs. C. H. Calhoon.

Mr. R. L. Bradley left Saturday for Dallas, Texas, after spending the holidays with his children, Mr. and Mrs. Henry Pope, and Dick Bradley, and little granddaughter, Claire Lee Pope.

Mrs. Lottie Johnson and Mr. Ben McElwrath went to Greenwood Friday night to see "Rio Rita" at the Greenwood Theatre.

Mr. and Mrs. S. S. Roane and Mr. Arch Roane attended the musical comedy, "Rio Rita", in Greenwood Friday night.

Miss Katherine Lufkin spent Wednesday and Thursday in Memphis.

Mrs. Robert Turner, of Kosciusko, is visiting her father, Mr. I. O. Pearson, and Mr. and Mrs. John Huffington this week.

Mr. Gordon Bingham was among those from Grenada who went to Greenwood Friday night to see the musical comedy, "Rio Rita" at the Greenwood Theatre.

Miss Mary Belle Dowdle and Miss Ruth Austin spent Tuesday and Wednesday in Memphis visiting friends.

CARD OF THANKS

The evidences of genuine interest and sympathy in our son and brother, William, during his illness and after his death, makes us know that Grenada is full of good people and that regardless of where one may be, the spirit of Christ means love and sympathy in hours of trial. We are deeply grateful to all who have spoken so kindly to us and who showed that all men are brothers in Christ in hours of deep distress. We pray the mercies of the Father upon all.

Tony Marascalco and wife
and children.

Grenada, Miss., Jan. 9, 1929.

FLU IS SUBSIDING

The epidemic of influenza which has been raging over almost the entire country for the past several weeks is reported to be on the wane and the number of cases are becoming fewer and fewer. The epidemic in Grenada has had business almost paralyzed, but local business men view the remainder of the year with optimism.

Grenada physicians state that the epidemic has about run its course here and that there are perhaps only about 100 cases being treated at this time. At its height, several hundred persons were suffering from the flu in and near Grenada.

Additional Locals

Mr. J. M. Townes, of Little Rock, Ark., is visiting his father in Hardy and is also spending some time with his brother, Mr. Junius Townes, and family in Grenada.

Misses Myrtle Gray and Mattie Mae Woods returned last Friday from Tucson, Arizona, where they have been engaged for the past several months nursing. They are graduates of Grenada Hospital.

Mr. and Mrs. G. H. Barker, of Green Bay, Wisc., were expected to arrive Thursday to spend some weeks in Grenada with their parents, Mr. and Mrs. A. R. Barker, on Snider Street. They made the trip in their car.

Mr. and Mrs. Earl Staten are happy over the arrival into their home in the Oxberry community on last Thursday night of a fine baby boy.

Cpl. W. H. Hazelwood, of the United States Army, has opened a recruiting station at the Post Office building, Grenada, Miss. Young men, between the ages of 18 and 35, single and of good moral character, desiring information about the army, can receive same by either calling or writing to the above address.

Column About Colored People of Grenada County

Items by J. H. Phillips

(Crowded out last week)

Having a desire that our children should not be ignorant of their relation to the "white man's civilization" in America, on Tuesday evening, the 1st day of Jan. 1929, we met at the colored school auditorium to celebrate the day of our freedom which was pronounced by President Abraham Lincoln 65 years ago. The faculty of our school prepared and rendered a befitting program for the occasion. With Mrs. A. M. Rogers at the instrument we were entertained with a fine selection of appropriate music beautifully sung by trained voices. Miss Cotton read the Emancipation document. Mrs. Willie Wilson delivered an oration on the subject, "Negro Heroes of the Abolition of Slavery". She had the goods and delivered them in a masterful manner. Prof. A. M. Rogers delivered the address of the evening, "The Negro in the Various Stages and Pursuits in Life". He stressed the necessity for the negro of this day to assimilate the white man's civilization, and become an obedient, law abiding citizen.

We congratulate the teachers for their forethought and pains in arranging this bit of information and history that we as a race have made.

Time and Opportunity

The year 1929 is upon us. The festive joy that Christmas times brings is now history. The record of the past year is now a matter of history. We did not get out of it possibly, all that we expected to get but we wound up conscious of the fact that we fought, in some way, to win. If we lost in the struggle in the year just closed, we now have another chance. It is ours now to make some amends for some of our past failures. We have been given the privilege of a comeback. Not some of us but all of us are in a class to improve the past. The minister in the pulpit, the teacher in the school room, the parent in the home, may lay hold of this opportunity to improve upon the past. There has never been a time in the history of our civilization when the earnest, conscientious effort of the minister, the teacher and the parent could mean more for the uplift of our group than now.

There's the marble, there's the chisel,
Take them, work them at thy will.
Thou alone must shape the future,
Heaven give thee strength and skill.

William Lucas visited his parents and friends during the Christmas. He is attending Rust College at Holly Springs, Miss.

Miss Brown, of Jackson, Miss., has been added to the faculty of our city school. She will occupy the place previously filled by Miss N. A. Parker. We welcome her to our community.

The young men's social club banquetted the visiting friends Thursevening, who came in to our city during the Christmas. It was enjoyed by all.

Miss Clyde Golden, accompanied by Miss Boone, from Arkansas, is visiting relatives and friends.

Again advertising gets results. Announcement was published that a pair of trousers containing a sum of money had been found in the road near Biggs, Calif. Twelve men claimed the pants.

Herman Gosling of Manitou, Colo., has been an engineer for the cog railroad that runs between Manitou and the summit of Pike's Peak for 33 years.

VILIFYING OLD MISSOURI

Important If True—A Missouri young man climbed a cornstalk to examine the ears, and the corn is growing faster than he can come down. Three men have undertaken to cut down the cornstalk, but owing to its rapid growth it is feared they will not succeed in time to prevent the young man's death from starvation. He is now subsisting on raw corn, reports the LaPlata Home-Press, and has already thrown down four bushels of cobs, and it is thought the supply is almost exhausted.—Jacksonville Times-Union.

PAINFUL INDIGESTION

"I SUFFERED a good while before I found something that would help me," writes Mr. E. W. Berry, of Neosho, Mo. "My trouble was indigestion, pains in my chest and a tight, bloated feeling that would make me feel smothered.

"Speaking of this to a friend of mine, he told me that Black-Draught was good for this trouble. I bought a package. It certainly did help me, so I continued to use it.

"I am in the transfer business, and sometimes when I would be hungry and ready to eat, I would have a call and would have to eat later. Then I would eat too much or too hurriedly. This would cause indigestion. After I started using Black-Draught, I found it did me a world of good."

FORMER "HIP" TEACHER WELL AND HAPPY NOW

Sargon Brings Health To Mrs. Shuford After Ten Years of Suffering, She Says.

"Sargon has done so much for me I cannot help but think of others who need this wonderful medicine just as I did, and I feel that I ought to tell them about it", said Mrs. Robert Shuford, residing at 3273 Carnes St., Buntyn, Memphis, a few days ago. Mrs. Shuford was formerly teacher in one of the high schools of Memphis, and is well known and highly esteemed.

"I had been in poor health for ten years", she said, "and while I tried all kinds of medicines nd treatments, nothing did me any real good until I took Sargon. Several of my friends who know the facts in my case have started taking Sargon on account of the good it did me.

"I was in a highly nervous and badly rundown condition. Nothing I ate seemed to agree with me and hardly a day passed that I did not have a severe attack of indigestion. My kidneys seemed to be affected, and I had severe pains in my back. I was dreadfully constipated and had frequent attacks of headache. My sleep was irregular, and I was losing strength and energy rapidly.

"This is just the condition I was in when I started taking Sargon. It helped me from the very first day. With the first two or three doses my appetite improved. The first bottle brought a wonderful change in my condition, and now, after taking five bottles, I am like a different person.

"My nerves are in splendid condition and my sleep is perfectly sound. I eat whatever I want without discomfort from indigestion or other troubles. My weight has increased from 115 pounds to 126—a gain of eleven pounds. I have more energy and feel wonderfully strengthened.

"Sargon Soft Mass Pills are an ideal treatment for constipation. They do not gripe or sicken in the least. I think they should always be taken in connection with Sargon.

"I am now enjoying good health for the first time in ten years, and I give the Sargon treatment full credit for it".

Sargon may be obtained in Grenada from the Corner Drug Store.

PAINS
In Side and Back

"I HAD BEEN miserable for a long time. My health was poor, and I suffered a lot from weakness. At times, my strength was so little that I could not stand on my feet. I would have to give up and go to bed. My sides and back hurt dreadfully.

"I grew discouraged, for I could do so little. I worried about myself, and almost gave up hope of ever being strong and well. I could scarcely lift a bucket of water. My housework went undone, for I was not strong enough to do it.

"After I had taken Cardui for a little while, I began to feel better. I grew stronger, soon found that I could do my work with less effort, and the pains in my back and sides left me. I think Cardui is a wonderful medicine. My health has been excellent since then."—Mrs. D. L. Beckner, W. Main St., Salem, Va.

IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by

NOTICE TO HUNTERS

Pursuant to an order of the Board of Supervisors of Grenada county, Mississippi, adopted at its January meeting, you are hereby notified that the open season on quail has been extended to Feb. 1st. The season opens on the 20th of each year, but instead of closing on Jan. 15th, will close on Feb 1st. The bag limit still remains 15.

The squirrel season opens on the 1st day of October and closes on the 31st day of December. The open season on squirrels for the month of May has been changed and there will now be no open season on this game except between the dates above mentioned. The bag limit remains unchanged, 7 being the number allowed for one day's hunt.

R. E. HALL, Game Warden,
Grenada County, Mississippi.
Grenada, Miss., Jan. 8, 1929.

GAME WARDEN DISCUSSES FEATURES OF GAME LAWS

To the People of Grenada County:

The Board of Supervisors has given me permission to buy and turn loose in Grenada county 100 quail, 100 turkey hens and 12 deer. Now if all the people will join me and help give this game a fair chance to multiply and increase, we shall soon have one of the finest hunting places in the whole country.

The legislature has changed our open season on quail and squirrels, the bird season opening on the 20th of November of each year and closing on the 1st of February, instead of closing on Jan. 15th, as heretofore, and the open season on squirrels being from the 1st of October to the 31st of December. The open season on squirrels during the month of May has been cut out. There is to be no hunting during the summer months while game is **multiplying.**

The law requires all dogs to be kept up or muzzled during the summer months. This law is going to be enforced and this is to notify all of you that if your dog is caught running loose without a muzzle, you will be subject to a fine. The country is being overrun with stray dogs that are going mad and biting people everywhere. It is not safe for your childrn or anybody else when these dogs are running at large. Hundreds of people die every year from rabies caused by dog bites and we should do everything possible to protect ourselves and others against this danger.

I ask your help and your good will in enforcing the game and dog laws. Wake up, boys and girls, and help us keep some game here so you all will have the pleasure we older fellows have had hunting and fishing. We have put thousands of fish in Grenada county lakes in the past few years and fishing should be mighty good this spring.

Respectfully,
R. E. HALL, Game Warden,
Grenada County, Mississippi
Grenada, Miss., Jan. 8, 1929.

DELINQUENT POLL TAX LIST TO BE PUBLISHED

I would remind the citizens of Grenada County, and particularly those who are concerned with paying Poll Taxes, that the law now requires that the sheriff publish the list of those who have not paid their poll tax on or before Feb-1. Many are careless about paying poll taxs except at a general state election. The sheriff has no choice in the matter. We feel sure that it would embarrass many good people to have their names listed with those who are so careless about the duties of citizenship. Another thing about poll taxes that concerns everybody is that the poll tax fund goes to the schools; the more poll taxes collected the more money there is for the education of the children.

Don't wait until Feb. 1; the office cannot wait on everybody in one day.

F. S. NASON,
Sheriff and Tax Collector of Grenada County.
D. D. CRAWFORD, D. S.
Grenada, Miss., Jan. 4, 1929.

NOTICE TO TAXPAYERS

The recent extraordinary session of the legislature enacted several laws of interest to taxpayers among which are several features I want to call your especial attention to.

Instead of beginning my work of assessing taxes on Feb. 1st, as has heretofore been the custom, the work of assessing begins one month earlier, on Jan. 1st. This means that you will be assessed on what you own on the first of the year and you should take due notice thereof in filling in your assessment blanks.

Every tax payer is required to make out his personal tax list and deliver it to the tax assessor not later than the first of April, and sooner if demanded. Taxpayers, too, must give in property which they have in charge as agent or otherwise. Much property that is with dealers or agents on consignment will be listed under this feature.

I hope that you will cooperate with me in carrying out the provisions of the law and that you will list your property promptly when blanks are given you.

Respectfully,
W. H. CROWDER, Tax Assessor,
Grenada County, Mississippi.
Grenada, Miss., Jan. 2, 1928.

BANKRUPT'S PETITION FOR DISCHARGE AND ORDER OF NOTICE THEREON

In the District Court of the United States

For the Western Division, Northern District of Mississippi.

In the Matter of Jake Seigel, Trading as Seigel's Dry Goods Store, Bankrupt.

No. 4735 in Bankruptcy.

To the Honorable E. R. Holmes, Judge of the District Court of the United States for the Northern District of Mississippi.

Jake Seigel, of Grenada, in the County of Grenada, and State of Mississippi, in said District, respectfully represents that on the 14th day of July last past he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

Wherefore, he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankrupt acts, except such debts as are excepted by law from such dicharge.

Dated this 27th day of December, A. D. 1928.

J. SEIGEL, Bankrupt.

ORDER OF NOTICE

Northern District of Mississippi, ss:

On this 4th day of January, A. D. 1929, on reading the foregoing Petition for Discharge of the above-named Bankrupt, it is—

Ordered By the Court, that a hearing be had upon the same on the 13th day of February, A. D. 1929, before the said court, at Oxford, in said district, at 11 o'clock in the forenoon; and that notice thereof be published in The Grenada Sentinel, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send, by mail, to all known creditors, copies of said petition and this order, addressed to them at their places of residence as stated.

Witness The Honorable, E. R. Holmes, Judge of the said Co and the seal thereof, at Oxf in said district, on the 4th day January, A. D. 1929.

J. J. VANCE,
(Seal of the Court) C

give us a small commission on your next smash up

and we'll see that your brakes prevent it

Any automobile smash-up means money lost. That goes whether the damage affects your own car or the other fellow's. Minimize the chance of an accident by having your brakes put in tip-top condition. The expense is trifling—and actual money in the bank if it prevents a possible crash. Bring your car to us; we'll give you protection by applying Johns-Manville Asbestos Brake Lining.

Real MONEY from your COTTON

WHY not decide now to make a real profit from your cotton crop? It's not a matter of luck.

Be sure your cotton has Chilean Nitrate of Soda at planting time and at chopping time. You'll make more cotton per acre and it will cost less per bale to make it. Starts cotton off well. Makes strong healthy plants. Helps to set an early crop ahead of the weevil.

DARNELL'S FERTILIZER

B. N. Darnell, Glen Allen, Miss., who won the Mississippi 3-Acre Cotton Production Contest in 1927, used 300 lbs. Chilean Nitrate per acre.

His yield was 13,032 lbs. of Seed Cotton on 3 acres!

Now is the time to make sure of your Chilean Nitrate. Figure out your needs. Your County Agent will help you. Then place your order and be sure of a money-making crop the coming year.

A New Fertilizer Book—FREE

Our valuable book "Low Cost Cotton" will help you make a better crop. It is free. Ask for Book No. 2 or tear out this ad and mail it with your name and address on the margin.

CHEVROLET

"Beyond all Expectations!"

-say those who have seen the

Outstanding Chevrolet of Chevrolet History
-a Six in the price range of the four!

The Outstanding Chevrolet of Chevrolet History has now been seen and inspected by millions of people in every section of America—and everywhere it has been enthusiastically hailed as exceeding all expectations.

Everyone anticipated that Chevrolet would produce a remarkable automobile—but no one expected such a sensational six-cylinder motor . . . such delightful handling ease . . . such marvelous comfort . . . such luxurious Fisher bodies . . . and a fuel-economy of *better than 20 miles to the gallon!* And no one believed that it would be possible to produce such a car in the price range of the four!

If you have not already made a personal inspection of the new Chevrolet, we urge you to do so at your earliest convenience. We are now displaying these beautiful new models—and we cordially invite you to call.

Read what these leading automobile editors said after seeing and riding in the new Chevrolet Six—

"In appearance, performance and mechanical nicety the new Chevrolet Six presents actual values far beyond its price range."
—Hazen Conklin
New York World

"Aside from beauty in body lines and attractiveness in finish, the astounding feature of the new Chevrolet Six is its powerful and flexible motor. One will have to go far to equal the high performance of this new Chevrolet in general road and traffic use."
—Leon J. Pinkson
San Francisco Chronicle

"The new Chevrolet is a triumph for volume production. The car at its price is one of the greatest achievements ever recorded in the automobile industry. Its beauty is a treat; its riding comfort a new delight and its performance a real sensation."
—Ray Priest
Detroit Times

"St Louis motordom is tremendously enthused over the new Chevrolet Six. Personally I have never seen the public so interested in a new car. The factory should be congratulated on the truly monumental engineering feat it has accomplished."
—Robert Henry Hall
St. Louis Post-Dispatch
